NEW 3SquaresVT program for Vermonters 60 or older or Disabled.

3SquaresVT in a SNAP offers Vermonters 60 or older and/or disabled an easier way to receive and keep 3SquaresVT food benefits.

This program is for households where everyone is:
*at least 60 years old or receiving disability benefits, and
*not earning income from a job or self-employment.

Households that qualify will be able to:

- apply using a simpler, shorter application, and
- keep their benefit for three years without needing to do an annual review.

3Squares in a SNAP is a demonstration project authorized by the Federal Nutrition Service of the USDA. The goal is to increase the participation of older and disabled Vermonters in the state's federal nutrition assistance program: 3SquaresVT. It does this by streamlining the application and recertification process. To learn more, call the Help Line at 1-800-642-5119.
